Gabes' Inquest Monday.

Coroner T. J. Hall held an inquest on Monday morning into the death of Robert Gabes, colored, who was stabbed to death by a negro and to have been William Jackson, at Twenty-fifth street and Patterson Avenue, Friday night. The fight is said to have followed a barroom quarrel. Jackson has been arrested, charged with the crime.

Business Is Transferred.

Arthur H. Moore of Newark, N. J., resident in Smith & Webster, jeweler of 305 East Main street, has sold the business to Isaac Rich of Boston. The purchase price is said to have been \$10,000.

PRICE OF MILK ADVANCED BY RICHMOND DAIRYMEN

Higher Quotations Will Go Into Effect To-Morrow to Benefit Herd Owners.

CHANGE MAY BE TEMPORARY

Chance That It Will Be Discontinued After December 1 or January 1. Conditions Make Rise Necessary. Demand Exceeds Supply.

The price of milk will be increased in Richmond to-morrow morning by the local dairy companies. It was learned last night. The increase may be in effect only during the month of November. It was said, but it is probable that it will be continued until after the first of the year. Conditions in the dairy business, it is stated, have come to such a point that a higher price for the products is absolutely necessary.

The board of directors of the Richmond Dairy Company held a meeting yesterday afternoon, at which time it was decided to increase the price of both sweet and butter milk to wholesale customers, including hotels, restaurants and stores, but the price will remain the same to the retail customers. The price of sweet milk to the wholesale consumer will be advanced from 22 cents to 26 cents per gallon, while the price of butter milk will be increased at the rate of 4 cents a gallon.

DEMAND GREATER THAN LOCAL SUPPLY

The directors stated that the increase was only planned for the month of November, but that it would necessarily have to remain in force until conditions better themselves. The milk supply of the city for some time has been considerably less than the demand, and the dairies have been running short every day, the dairy farmers being unable to supply the amount needed for Richmond's consumption.

At the Richmond Dairy Company it was stated that the price of butter milk, which has always been sold as a by-product below cost, would be advanced to both the wholesale and retail trade. The price has been 16 cents per gallon, and will be increased to 20 cents. There will be no increase in the price of sweet milk.

Butter milk has been sold at less than cost, and the dairymen have been losing money on this branch of their business, it was stated, and since the supply has been curtailed it has been found necessary to sell it on its merits. The local dairies have, in past years, advanced the price paid for milk to the farmers on October 1, but have made no increase in that date to the consumers. No increase was made to the farmers on October 1 this year, and since their supply was limited they demanded a material advance.

FARMERS ONLY OWN TO REAP BENEFIT

The local dairymen said that for the past two or three years the dairy farmers have had bad seasons, and that while this year the season was not as disastrous as other years, it was not what it might have been, and they had no alternative. These conditions were recognized by the dairy companies. With the increase made by the Richmond Dairy Company to the wholesale trade, it will offset the loss on the retail trade. The farmers will be the only people to gain by the advance in prices, it was said.

Several measures were advanced for the demand made by the farmers, and which had to be met by the dairy companies. The majority of the larger herds near the city have been tested for tuberculosis, with the result that many of the cows had to be slaughtered. These tests were made previous to the last meeting of the Board of Health, when the time limit requiring all milk sold in the city to be from tuberculin-tested cattle was extended for three years.

COMMON COUNCIL WILL MEET TO-MORROW NIGHT

Docket Includes Several Appropriation Items Reported by the Committee on Finance.

Several measures carrying appropriations will be recommended to the Common Council for adoption at its meeting to-morrow night. The Council Committee on Finance. The resolution from the Council asking for an appropriation of \$17,500 to the Virginia Hospital expense account was reduced by the Finance Committee to \$15,000, and recommended.

The Gas Works payroll account will be increased to the extent of \$16,000 for the remainder of the year, while the expense account for coal and oil of the department will be allowed \$14,000 additional, making a total of \$30,000 to this department. The Board of Police Commissioners will be instructed to proceed with construction work on the new Second Police Station. The recommended \$20,000 for the Electric Department was cut to \$20,000 before being reported by the committee.

The committee will recommend to the Council for adoption the ordinance requiring all department heads and officers of the city government who have expense accounts, to pay all printing and other bills from this fund. The City School Board will be authorized to purchase an automobile for the use of the executive of the board, at a cost not to exceed \$450.

SANDS GOES AFTER HENRICO TAX DODGERS

Examiner of Records Places Information Before Grand Jury of Circuit Court.

When the Henrico County grand jury, which has been probing tax matters, makes its report this week some interesting disclosures are expected. Major William H. Sands, examiner of records for this district, has appeared before the investigating body, and it is understood that he gave information concerning omitted taxes, which will be the basis of the report. The members of the Henrico Board of Review have been summoned to appear before the grand jury to-morrow. The principal witnesses in the inquiry now in progress are Major Sands, Commonwealth's Attorney Frank T. Sutton, Jr., and the tax reviewers. It is understood that Major Sands placed in the hands of the investigating body a list of the names of a number of property owners in the county who for some years past are believed to have evaded taxation.

RAILROADS PAY TAXES

Immense Sum Is Received by State Officers From Common Carriers in Virginia.

The railroads operating in Virginia poured a golden stream into the State's coffers yesterday through the hands of Auditor of Public Accounts C. Lee Moore. It was the last day but one for paying taxes on railroad and other public-service corporation property in the Commonwealth. The total amount of taxes paid fell little short of \$1,500,000.

These railroads paid up: Norfolk and Western, \$595,713.41; Southern, \$160,810.25; Atlantic Coast Line, \$32,639.25; Seaboard Air Line, \$25,370.21; Richmond, Fredericksburg and Potomac, \$14,502.50; New York, Philadelphia and Norfolk, \$39,591.69; Virginia, \$90,659.24; Chesapeake and Ohio, \$24,590.09. The Chesapeake and Ohio's check in payment of taxes amounting to \$301,971.59 was also mailed to the Auditor yesterday.

Hustings Court Convened To-Morrow.

The grand jury for the Hustings Court will convene to-morrow morning for the regular November term. The docket for this term of the court contains about the average number of cases.

Railway Gets Verdict.

RALEIGH, N. C., October 30.—The Seaboard Air Line obtained a verdict for \$218 today against the Piper Roofing and Manufacturing Company, of Virginia, Va., for freight due on ship the company's lumber as freight shipped to Franklin, and which was returned on the ground of excessive freight charges.

The George E. Wise Democratic Club

In its plea for "a fair field and no favors," has never underrated the magnitude of its task in opposing the dictum of the City Committee and its "machine" methods. Could anything else be expected but a fight to the finish?

Consequently, this Club was formed to enlist the support of every Democratic voter who desired to rebuke the autocratic methods of the City Committee.

This Club has made no personal attack upon the opposing candidate, for it is not a question of Candidates, but of Methods; neither does it claim that its candidate has any hereditary right or present mortgage on the office, for he has not; but it does claim that THE COMMITTEE has acted without precedent or parallel.

Our Fight Is Against Methods, and for a Principle; Theirs Against the Freedom of the Bailot, and for a Man!

The Committee's candidate is its whip, and its power will rise or fall with his success or defeat.

The success of the other candidate will mean the triumph of a great PRINCIPLE, and the death of bossism in Richmond.

Mr. Haddon apologetically says that he should not be made a "vicarious sacrifice" for the sins of the Committee; but, on the other hand, should Mr. Wise, a man of recognized ability, and who had the independence and manhood to defy the arrogant action of the same Committee, be sacrificed?

VOTER, IT IS YOURS TO DECIDE!

NUMBER 7.

LITTLE INTEREST FELT IN TUESDAY'S ELECTION

Wise-Haddon Contest Only Fight in Richmond to Arouse Voters.

DEMOCRATS ARE DIVIDED

Ranks Split Because Both Candidates Have Been Lifelong Members of Party—Lively Scrap Is Expected in Norfolk County.

Reports from different parts of the State indicate that interest in the general election to be held on Tuesday is anything but keen, except in a few counties where local conditions have precipitated spirited contests.

Every member of each branch of the next General Assembly is to be elected, and there are many county and city officers to be chosen. No State officers are to be voted for this year. The apathy in most of the counties and cities is accounted for by the fact that the Democratic nominees have no opposition.

Interest in the election in Richmond centers in the contest between George E. Wise and T. Gray Haddon for the office of Commonwealth's Attorney. Mr. Wise is opposed by the City Democratic Committee, whose members are aggressively in the field to accomplish his defeat. Sentiment in the Democratic ranks is divided, both candidates having been lifelong Democrats. Mr. Wise has the support of a large element of the party, to which the party committee has given offense by its attitude toward the ad interim incumbent, whose refusal to stand aside for the chosen candidate of the committee caused that body to repudiate him.

WISE IS CONFIDENT OF HIS ELECTION

With forty vote solicitors assisting in making a thorough canvass of the city against Mr. Wise, the Democratic men express themselves as confident of the election of Mr. Haddon.

"I am not only confident that I shall be elected," said Mr. Wise last night, "but I shall be elected by a large majority. The size of my majority will depend upon the number of voters who neglect to express themselves by staying away from the polls."

Local political seers and wiseacres estimate the total vote to be polled here in Tuesday's election at from 5,000 to 7,000, or 40 to 50 per cent of the paid up and registered list.

The location of the thirty-one polling places in the city follows:

LIVELY FIGHT IS ON IN NORFOLK COUNTY

Outside of Richmond the liveliest fight is in Norfolk County, where the Constitution will be reported to the regular primary authorized by the State Committee, and put up Harry L. Alexander against the nominee of the primary, W. C. Corbett.

Republicans and Independents are opposing the Democratic nominees for the State Senate in a number of the districts. In the First District John P. Buchanan, Democrat, is opposed by Robert A. Alderson.

In the Second District there are three candidates. John H. Catron conducted his campaign under the banner of the "Bull Moose." John M. Goodloe calls himself the "Standpat" candidate, and T. B. Ely is known as an Independent. The Third District, which has been a Republican stronghold, has Senator J. P. Buchanan, Republican, and J. W. Chapman in the race for the Senate. Chapman is a Tazewell man and popular in the district. He is recognized by the Republicans as a most formidable opponent for Senator Byrd.

Senator W. H. Landes of Staunton, who is standing for re-election, is opposed by Professor C. T. Jordan, leader of the Anti-Saloon faction of the Democratic party in the district. Professor Jordan refused to enter the primary.

WILL NOT VOTE ON AMENDMENTS TUESDAY

The voters will not pass on the proposed amendments to the Constitution on Tuesday. The amendments adopted at the last session of the Legislature and are now in the process of being advertised, and, under Section No. 196 of the Constitution, will be reported to the next session of the General Assembly to be passed for a second time. After this action the voters may accept or reject the amendments at the general election in November, 1916.

Forbes' Case Continued.

The case against W. P. Forbes, charged with being disorderly and recklessly and carelessly driving an automobile through the streets, was continued until November 13 in the Police Court yesterday. Policeman W. E. Clarke arrested him.

"CASCARETS" FOR HEADACHE, COLDS, LIVER, BOWELS

Enjoy life! Don't stay bilious, sick, headachy and constipated.

Best for bad breath, sour stomach, coated tongue or indigestion.

They're fine! Cascarets loosen your liver, clean your thirty feet of bowels and sweeten your stomach. You eat one or two, like candy, before going to bed and in the morning your head is clear, tongue is clean, stomach sweet, breath right and cold gone. Get a box from your druggist and, oh, joy the nicest, gentlest liver and bowel cleansing you ever experienced. Cascarets stop sick headache, biliousness, indigestion, bad breath and constipation.

Mothers should give a whole Cascaret to cross, bilious, sick, feverish children any time. They are harmless and never gripe or sicken.

This Brass Bed, Spring and Mattress

Terms: 50 Cents a Week

Like Cut \$24.50

The Bed Alone Is Worth the Price of the Entire Outfit

This may sound like a slight exaggeration, but it isn't. It's an actual fact that you'll quickly realize as soon as you see the outfit. The Bed is a beauty in design and construction and finish—one of the best produced in the largest brass bed plant in the world.

We Can Safely Recommend This Brass Bed

A Good Spring Insures Much Comfort

The Mattress is of All Felt Regular \$12.50 Value

In recent years certain brass bed makers have cheapened their products to sell their brass beds cheaply. The factory that produces these brass beds, however, have brought down the price by the volume of sales. These beds are made of heavy tubing brass of unusual thickness, and are guaranteed for 10 years against tarnishing.

The spring with this outfit is warranted not to sag. Is constructed with 1 1/2-inch tubing and heavy angle irons, re-enforced in center and sides with heavy steel straps, with helical spring on each end. It is absolutely sanitary, being constructed of all metal. This also carries a 10-year guarantee not to sag.

One that you will never regret having, as you will find it most comfortable. Your choice of either one or two-piece mattress. Is covered with a heavy art ticking, with a variety of designs to select from.
